**EASE MEETS WEST.** MIXIT sees a season embracing the spirit of the Southwest...folkloric themes...native elements. Fashion that reflects an eclectic mix of ethnic influences. On the forefront: we find new appreciation for primitive arts - suggesting the 60's, but updated and exciting as we near 1990. **PRIMITIVE PRINTS** Intriguing unions of native motifs made for mingling. **SUN-BAKED COLORS** Intense, earthy tobacco, olive, cream, gold, verde and indigo inspire vibrant red, sapphire and teal. **EMBROIDERIES** MIXIT explores the art of embellishment - blouses benefit from crests and unique embroidered accents. **VESTS** Absolute essentials for fall. Ready to layer in place of a jacket. **ART T-SHIRTS AND SWEATSHIRTS** Artistic expression speaks of the southwest and off-beat originality. **SPECIALTY SWEATERS** Tempting cableknit and handknit designs destined to be fall favorites. **EASY PANTS** Soft. Relaxed. The bottom line: comfort. **ACCESSORIES** New emphasis on natural materials, primitive origins. We're big on beads, barrettes and bracelets in bunches. Silver and burnished metal jewelry. This fall, MIXIT presents the best of the west - and it's ready to discover for yourself.

## VESTS

**MIXIT Knows Vest.** Immensely versatile in knits or tapestries. Subs for - or slips under - a jacket. Or team with a T-shirt, denim skirt and beads for ethnic appeal. Up to \$36.

## EMBROIDERIES

**Ethnic Embellishments.** Primitive motifs, classic embroidered designs and crests all add interest to poplin and chambray shirtings. Opt for accents like cactus and steer skulls in unexpected places - on pockets, on button down plackets, on collar tips and cuffs. \$28.

## PRIMITIVE PRINTS

**Eclectic Avenues.** Pattern mixing takes a primitive twist for fall. Stylized triangles and a native American bird motif repeat in prints to pair with solids and stripes. Team tobacco or sapphire prints with multi-color bird stripes in complementing neutrals or brights. Ready for work but hardly business-as-usual in easy rayons, knits and sweaters. Pick your pieces from skirts and shirts, dresses and pants.

## SPECIALTY SWEATERS

**Stitch in Time.** There's no match for individual craftsmanship in handknit sweaters. Or the natural attraction of all-over cables. Give in to a tempting array of autumn's richest shades - from regal sapphire, red and teal, to tobacco, cream, gold, verde and black.

## EASY PANTS

**Loosen Up.** Soft easy-on knits and the flowing ease of rayon reflect the paramount importance of comfort. Relaxed fit is the objective. Up to \$36.
